

For immediate in-situ weighing

- Two in one: portable scale and pallet jack.
- Simple use: raising and weighing, without shifting the load.
- Tare function of the pallet or receptacle.
 - Long-life rechargeable battery, more than 30 hours of continuous use.
 - With RX3 precision steel sensors.
 - LED display for distance reading.

Functions:

- Adjustment to zero.
- Receptacle tare.
- Accumulation of weighings.
- Piece counter function.
- Hold function, last-weighing memory.

Effortless raising and weighing

In one operation it can raise the load, calculate the exact weight and move the pallet towards its destination, gaining time. With your TCamel S you will not need many scales. This one alone will do all the work, wherever you need it.
