**Heavy duty for extreme use, with legal approval**

- Digital scale with CE-M Verification for legal use and 2 x 3000-division ranges.

- Double frame construction, ball bearings and bolted on upper surface.

- Upper openings for quick assembly and maintenance of the sensors.

  - Highly reliable with Z Link communication technology and Xtrem digital core.

  - Fully autonomous, data sent to an indicator, PC, tablet or Android smartphone [1].

  - Maximum safety: important adjustment and calibration data incorporated in the platform are armoured.

- Web Server to send data to Chrome, Edge and Safari browsers.

- Total flexibility: Data sent by cable, Ethernet [2], WiFi [2] or RS485 [2].

- 2-layer epoxy coating, Class C3 sensors and IP67 protection.

- Prepared for high connectivity (Industry 4.0)

**View the data on a smartphone**

Our Xtrem equipment with WiFi option sends the data directly from the platform to a smartphone using our Android app, directly and without an indicator, from the weighing platform to the smartphone. It’s that easy.
Z-Link connectivity
- Multiple connection options with indicators, PC software and Android smartphone.
- Fully digital platforms that include all data in its internal Xtrem module.
- Greater safety and reliability due to digital communication between platform, indicators and PC or Android software.
- Data sent directly to PC or smartphone by optional WiFi in the platform’s own Xtrem module.
- Connection of multiple platforms via Wi-Fi or Ethernet router, for central management.
- Web Server for data capture from Chrome, Edge and Safari browsers.

Protected connection with steel tube
- The Z Link connection cable is protected along most of its length by a steel tube.
- Excellent adaptation to the platform output for greater robustness.
- Guarantees proper communication of your Xtrem equipment with peripherals. Digital data are not influenced by bad connections or other equipment.

Digital core
- Xtrem digital module integrated inside the platform structure.
- The most advanced technology for maximum data security.
Very resistant
- Hardened ball bearings and bushings allow for reliable results with robust daily use.

Advanced connectivity
- Our Xtrem equipment connects directly[^3] to the Ethernet, Wifi or RS485 without intermediate equipment.

Double reinforced structure
- Highly resistant upper and lower chassis.

Simple maintenance
- Removable plate for access to electronics and internal sensors.
**Extra-long Z Link cables**

- The standard Z Link digital connection cable can be replaced with longer ones of 8 and 15 m.
- Allows replacement in case of failure or breakage, due to its sealed connection and quick connectors.

### 4 m Z Link cable as standard.

### Optional 8 m Z Link cable.

### Optional 15 m Z Link cable.

**External dimensions (mm)**

- Xtrem Buffalo 1212
- Xtrem Buffalo 1512
- Xtrem Buffalo 1515
- Xtrem Buffalo 2015
K3X indicator
- With CE-M Verification for legal use.
- Classification or check by weight with display in 3 colours.
- Tare memory for weighing tanks and silos.
- Accumulation of weights with totalling.
- Normal or fixed tare, with 20 memories.
- Print-out with 3 lines at the top and 2 lines at the end of the ticket.
- Date and time on ticket records.
- Accumulation of weights with totalling.
- RS232C serial connection for PC and optional printers.
- Optional USB output to PC
- 3-relay digital output and simple, single-speed dispensing.
- ABS casing with IP65 protection.

K3iX indicator
- With CE-M Verification for legal use.
- Classification or check by weight with display in 3 colours.
- Tare memory for weighing tanks and silos.
- Accumulation of weights with totalling.
- Normal or fixed tare, with 20 memories.
- Print-out with 3 lines at the top and 2 lines at the end of the ticket.
- Date and time on ticket records.
- Accumulation of weights with totalling.
- RS232C serial connection for PC and optional printers.
- Optional USB output to PC
- 3-relay digital output and simple, single-speed dispensing.
- AISI 304 stainless steel casing with IP65 protection.

K3iX P indicator
- With CE-M Verification for legal use.
- Classification or check by weight with display in 3 colours.
- Tare memory for weighing tanks and silos.
- Accumulation of weights with totalling.
- Normal or fixed tare, with 20 memories.
- Print-out with 3 lines at the top and 2 lines at the end of the page.
- Date and time on ticket records.
- Accumulation of weights with totalling.
- 3-relay digital output and simple, single-speed dispensing.
- AISI 304 stainless steel casing.
PC Xtrem
- Indicator PC software with CE-M Verification for legal use.
- Scalable display size, can occupy the entire screen.
- Data recording and export in CSV file.
- 3 free data fields to include more information.
- Copies and pastes the weight, or drags it to another window.
- Enter a tare value using the numeric keypad.
- Allows configuration of the balance from the same application.
- Shows several devices connected to the PC simultaneously, each in its own window.
- 10 times higher resolution available on the display.
- Display and export of weight data by QR code on screen.
- No need for a classic indicator; connects directly to the Xtrem scale via the included Z Link cable and an optional PC adapter cable.

APP Xtrem
- Prints labels (4) and records weights with user name, customer, date/time, product code and net, gross and tare weights.
- Send weight records via email, social networks and most of the Android terminal applications (4).
- Up to 4 Android terminals can be connected via our Xtrem app to the Xtrem balance.
- The application can be connected to any balance, if more than one is available.
- The product bar code can be scanned with the terminal camera (4).
- Has a Tare memory with a name database.
- View weight limits with partial and full screen.
- Export the results obtained to Excel (4).

Q1 label printer
- Prints labels from the smartphone with an Android app (4).
- Adds a barcode for the results.
- Autonomy of up to 14 hours on standby and up to 165 labels.
- Bluetooth connection.

(4) With Premium options activated.
**PR4 printer**
- Compact thermal printer.
- Printing speed of 130 mm/s.
- Ticket width 58 mm.
- Paper roll capacity up to 83 mm in diameter.
- Connection with K3X and K3iX by cable (included).

**Q2 printer**
- Easy paper loading.
- Printing speed: 76 mm/s.
- Detects the beginning of the label.
- Front exit, protected from liquids.
- Maximum capacity 90 mm diameter.
- LED status bar.
- Interchangeable print head without screws.
- Connection with K3X and K3iX by cable (included).

**Traffic light with relay board**
- LED indication with 3 adjustable levels for product classification or luminous information on weight differences programmed in the K3X, K3iX and K3iX P indicators.
- Wired connection.

**USB connection**
- Data output with USB-A female connector.
- PC compatible.
- USB-A to USB-A cable not included.
EX Link
• PC application for data capture.
• Imports records in CSV or compatible sheet.

USB Direct K
• Smart direct connection with PC.
• Enter data in any open application on the PC.
• No software needed; the PC recognises the smart cable.
• The data sent includes the measurement unit (g or kg).

PW Link
• PC application for viewing and recording data.
• Display with adjustable dimensions - can occupy the entire PC screen width.
• View and record data with date and time.
• Export records to CSV.
• Compatible with K3X and K3iX, includes connection cable.

ISOCAL certificates
• Our Xtrem equipment is delivered with CE-M Verification as standard.
• We also offer our ISOCAL Certificates, with individualised calibration data for the Xtrem equipment.
• Help maintain your ISO9001 Quality System.
Painted steel base with stainless steel column for K3X
• Supports K3X indicator on a 930 mm tall column.

Painted steel base with stainless steel column for K3iX, K3iX P
• Supports a K3iX or K3iX P indicator on a 930 mm tall column.

Stainless steel base with stainless column for K3X
• Supports K3X indicator on a 930 mm tall column.

Stainless steel base with stainless column for K3iX, K3iX P
• Supports a K3iX or K3iX P indicator on a 930 mm tall column.
INDICATOR BRACKETS

ABS ball joint support for K3X
- Adapts the K3X indicator for wall mounting.

Stainless steel U-shaped bracket for K3iX, K3iX P
U-shaped bracket for wall mounting of compatible indicators.

PLATFORM ACCESSORIES

Steel surround
- Painted steel surround of four perimeter plates and four centring plates for the feet of the scale.
- For recessed installation in the ground.
