**View the data on a smartphone**

Our Xtrem equipment with WiFi option sends the data directly from the platform to a smartphone using our Android app, directly and without an indicator, from the weighing platform to the smartphone. It’s that easy.
Z-Link connectivity
• Multiple connection options with indicators, PC software and Android smartphone.
• Fully digital platforms that include all data in its internal Xtrem module.
• Greater safety and reliability due to digital communication between platform, indicators and PC or Android software.
• Data sent directly to PC or smartphone by optional WiFi in the platform’s own Xtrem module.
• Connection of multiple platforms via Wi-Fi or Ethernet router, for central management.
• Web Server for data capture from Chrome, Edge and Safari browsers.

Protected connection with stainless steel tube
• The Z Link connection cable is protected along most of its length by a plastic-coated steel tube.
• Excellent adaptation to the platform output for greater robustness.
• Guarantees proper communication of your Xtrem equipment with peripherals. Digital data are not influenced by bad connections or other equipment.

Digital core
• Xtrem digital module integrated inside the platform structure.
• The most advanced technology for maximum data security.
Removable ramp
• For complete cleanliness, the ramp can be easily removed to clean the lower area.

Advanced connectivity
• Our Xtrem equipment connects directly (3) to the Ethernet, Wifi or RS485 without intermediate equipment.

(3) Optional.

Open hygienic structure
• Our weighing platforms are designed with a totally open structure, to avoid liquid deposits and to make exhaustive cleaning of its entire surface easy.

Effortless lifting of platform
• The 304 stainless steel gas shock absorber system means a single operator can lift and lower the platform for cleaning with minimal effort.
Extra-long Z Link cables
- The standard Z Link digital connection cable can be replaced with longer ones of 8 and 15 m.
- Allows replacement in case of failure or breakage, due to its sealed connection and quick connectors.
