

RX

Flexible, functional industrial scale

Highly suitable for weighing boxes with product, bags and packages, as well as mixtures and additives.

- Weighing platform with tubular structure in painted steel and stainless steel plate and column.
- Aluminium load sensor with IP65 protection.
- Column 620 or 820 mm high, depending on the model.
- LED display with 7 segments and 20 mm height.
- ABS display with IP 54 protection.
- Internal rechargeable battery from 24 to 50 hours duration.
- Mains connection for power supply and battery charging.
- Calibration by electronic adjustment.

Operational functions

- Zero adjustment.
- Container taring with tare memory.
